

GERMANS STILL BELITTLE AMERICAN ARMY EFFORT

Campaign of Press Continues Energetically—Lack of Discipline Claimed.

(Associated Press.) Amsterdam, July 16.—The German press continues its campaign of belittling the American military effort on the western front.

The military correspondent of the Lokal Anzeiger keeps step with the other experts and expresses disbelief in the statement that more than one million soldiers are in France. However, he confesses to great admiration for the personal qualities of the American soldier, although he considers that they lack discipline, saying: "They are smart fellows, but only when they like to be."

"It is granted," he adds, "that American human material equals the English, yet the American army will be inferior because the Americans will not have leaders possessing the requisite experience for handling big armies."

Gen. Kolbe, the military critic of the Germania, says that at the most there are 300,000 Americans, including working squads, at the front, and proceeds:

"The significance of America's action should in nowise be underrated, nor does our chief commander underestimate it; but we should guard against overrating it for no other reason but that transportation must be made in increasingly difficult by the U-boats; also in view of the problems of equipment and commissariat, which are easily solved on paper, but not in reality. Therefore, the Americans can bring about no change in favor of our opponents in the immediate future."

ROBERT LEE ELY, LOCAL BOY, MISSING IN ACTION

Enlisted in Marines Dec. 14, 1917—Parents Just Received Letter Saying "All's Well."

"Missing in action, June 23," was the official notification received Monday by J. D. Ely, of 1005 Kirby avenue, regarding his son, Robert Lee Ely, a private in the marine corps.

The casualty list of Tuesday morning contained the young man's name. Private Ely enlisted in the marines in Chattanooga on Dec. 14, 1917. He

went across some time ago to do his bit for world democracy.

His parents, while very much concerned about him, are hopeful of hearing good news before very long.

Brother Also "Over There."

Sergeant Thomas S. Ely, a brother of the missing marine, has been "over there" about a month. He is a member of bakery company No. 330, Q. M. C. American expeditionary forces. He went to Camp Gordon as a selectman on Sept. 15, 1917.

His mother has just received a letter from him. He said he had a nice time on the journey across.

"You have often read," he wrote, "about the people who wear the wooden shoes. Well, they are right here. You can hear them walking for a block, but they certainly are nice and polite. If I could only speak French I know that I would make a lot of friends and am going to try and do so anyway."

"I would give the world if I could sit at home this evening and talk to you, mother, dear, but please don't think that I am discouraged and blue, for I am here for a good cause and you can bet that I am a man and when I do return you will be proud of me, mother, for I am coming with a clean record. And I am sure that Robert is going to do the same thing."

Sergeant Ely urged that everybody write to him, as he had rather receive a letter from home than get a payday.

Chattanooga Wounded.

On the fields of conflict, "somewhere in France," Leonard E. Brown, a private in company 18, Fifth regiment of marines, has been wounded in action, according to a letter received by his father, J. H. Brown, of 3410 Avenue D, East Lake.

The letter was written by young Brown and he stated: "Very sorry to inform you that I have been wounded in my left side with a shrapnel; have been operated on, and I am in the hospital, getting along very well."

He urged his father not to worry about him, as he thought he would get all right.

The letter, which was dated June 18, contained no other information regarding the young marine's condition or how he was wounded.

TROUBLE BREWING FOR AUSTRIAN REICHSRATH

Likely to Hold Secret Debates Similar to Those in German Reichstag.

Copenhagen, July 16.—That the session of the Austrian reichsrath in Vienna will be a critical one today was indicated by the fact that Premier Von Seydler, after holding an audience with Emperor Charles, conferred in secret with the party leaders, said a dispatch from the Austrian capital. It is rumored that the Slovians and Polish leaders refused to attend the conference.

It is understood that there will likely be secret debates similar to those held in the German reichstag under the strictest censorship.

"UNCONGESTION" SAYS M'ADOO IS PRONOUNCED

San Francisco, July 16.—A proposed concentration of freight traffic on railroad lines having the easiest grades was one of the principal items of discussion at a conference between William G. McAdoo, federal director of railroads, and railroad chiefs from all parts of the country here yesterday.

"There is a pronounced 'uncongestion' in railroad transportation conditions," said Mr. McAdoo. "We have made great progress since Feb. 11, when there were 162,000 cars sidetracked and waiting to be moved."

Mr. McAdoo said that he had been asked many times whether he would be considered while he was here.

Among those who conferred with Mr. McAdoo were C. R. Gray and Edward Chambers, directors of the operation and traffic, respectively, of the federal railroad administration.

PRUSSIAN BODY VOTES TO EXPEL PRINCE LICHNOVSKY

Washington, July 16.—A dispatch from Switzerland yesterday says the Prussian house of lords, after a series of secret sittings which lasted several days, has decided to expel Prince Lichnovsky, the former German ambassador to England. The prince's recently published memoirs, giving his experiences in London before and at the outbreak of the war, asserted that the war was caused by the German party and could have been avoided. His revelations caused a sensation in Germany and for a time it was believed that he had been arrested by

Just Once! Try Dodson's Liver Tone! Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crumbles into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't

straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep the entire family feeling fine for months. Give it to your children. It is harmless; doesn't sicken and they like its pleasant taste. For Sale by J. Anderson, and all leading dealers. (Adv.)
